CREATIVE BUILDING SUPPLY

P.O. BOX 299 501 PROSPECT ST. • LAKEWOOD, N.J. 08701
PH.: 732 367-6333 • FAX: 732 367-9568
E-MAIL: jimv@cbssheetmetal.com
Meet The CBS Family: Creative Building Supply was founded 20 years ago by Jim Vihonsky on the same principals that contribute to its success today; Quality Products at a Fair Price.

For over 20 years, Creative Building Supply has been fabricating sheetmetal for commercial and residential purposes. CBS remains an industry leader through customer satisfaction by providing a quality product - every time.

Notes:
1. Recommended Fastener Lengths for use with insulation supplied upon request.
2. Side-laps should be fastened at 12” on center with a 7/8” long self drilling, self-tapping stitch screw.
3. Painted fasteners are available to match painted panels.
4. The use of nails to fasten these panels is NOT recommended.
5. High-wind conditions, fasten at every low corrugation at eaves & endlaps.
6. Roof slopes less than 2:12, Butyl tape is recommended at side-laps & end laps.

CREATIVE BUILDING SUPPLY
CUSTOM FABRICATION SHOP

EUROMAC BX 1250/30
The EUROMAC BX 1250/30 Autoindex Press Punch gives CBS the ability to pre-punch holes or patterns in the material being used prior to fabrication. Pilot holes, metal closures, even mitered corners for horizontal wall panels can be made quickly and accurately. With the MTE-4 Die Holder, we are able to program up to 4 different style punches into one job. Holes, notches, and punch outs done in one pass, without costly die changes.

RAS XXL
The RAS XXL-Center gives CBS the ability to form up to 20’ long panels and flashing with speed and accuracy. The twin fold system eliminates the need to flip or spin the material, reducing fabrication time. With 20’ lengths of gutters and flashing you will have less splicing, reducing your labor time and the chance of leaks.

At right is a photo of a PBR panel CBS was able to reproduce for our customer. Made from 24 gauge Type 304 2B Stainless Steel 18’ long. Our customer avoided costly set-up charges and minimum quantity requirements. No matter what size job, big or small, our team is dedicated to giving you the best quality panels and flashings - Making your job easier.
WAREHOUSE STOCK LIST
Creative Building Supply keeps an extensive stock of our most commonly ordered items. Yet another way that allows us to go the extra distance to deliver on time, every time.
